J&M Bluetooth Headset Update Program Download Instructions for Files Located on J&M Website Bluetooth Download Page. (Compatible with Windows 10 Only)

1. Plug the USB/charge cable into the J&M Bluetooth headset and your computer.
2. Hold down simultaneously on the volume down (-) and Multifunction buttons together until both the red & blue LEDs illuminate on the multifunction button, then release.
3. Go to the J&M website Bluetooth headset/dongle update program downloads page and choose the file applicable to your J&M Bluetooth device.
4. Single click on **"OPEN"**.
5. Double click on **"JM setup.exe"**.
6. Single click on **"YES"**.
7. Single click on **"NEXT"**.
8. Single click on **"INSTALL"**.
9. Then single click **"FINISH"** WITH the Launch J&M box checked.
10. Then single click **"YES"** to the license agreement.
11. Press **"ANY KEY"** to continue.
12. After successful update, press **"ANY KEY"** to exit.
13. Single click upper right hand corner **"RED X"** to close program.
14. Unplug device to take it out of download-update mode.
