Description and Specifications

These are the microphone signal wire adapter harnesses (only) that allow “talking” on the cell phone, when using J&M corded headsets with the JMDM-GL18K and JMDM-GL18L digital music players for the 2001-2017 Honda Gold Wing.

Installation Guide

1. Remove the seat and left side fairing pocket.
2. Route the driver’s headset lead adapter forward, thru the grommet, into the left fairing pocket and plug in-line with the drivers corded headset

- lead and then reinstall the left front fairing pocket.
3. Plug the passenger headset lead adapter in-line with the passenger headset cable located under the rear position of the seat.
 4. Route the passenger adapter cable to the rear-most position under the seat, so as to not cause unnecessary whine into the intercom system, and tie down with zip ties provided.
